That sly Canis Lupis
will scramble to scoop us
whenever there is time
opportune.

They pounce without warning
whether twilight or morning
under sunlight or silvery moon.

Piano

Sih-Kuk

I know, scary right? However, should you come
face to face with a wold
hold your place.

Piano

Sih-Kuk

Don't Fumble. Don't Fiddle. Don't fuss. You can walk away clean
if you'll just make a scene.
Convince the old wolf
you've gone nuts!
